CONCRETE CONFERENCE

TxDOT will spend over \$140 billion in the next 10 years to improve transportation infrastructure. The CCT/TxDOT Concrete Conference is your way to access the decision-makers who will implement this funding. It's the only venue where TxDOT, local road agencies, engineers/consultants, contractors, and material suppliers learn and discuss state-of-the-art improvements for concrete pavements and structures. Don't miss this once-every-two-year opportunity!

- **You do not want to miss** out on our new sustainability and resiliency track where we will cover the industry's efforts towards carbon reduction from a National to a Local standpoint.
- Latest technology showcased! Concurrent technical sessions for highways, bridges, and streets and local roads; including methods, equipment, materials and more!
- **Learn TxDOT's and FHWA's priorities!** Keynote presentations by TxDOT Administration, FHWA, and distinguished lecturers.
- **NEW! Networking event for all attendees at the Punch Bowl Social on Wednesday, April 11th.**
