AGENDA

Concrete Pavements and Cement Stabilization Workshop

- | | |
|-----------|--|
| 9:00 AM | Welcome & Introductions
<i>Cement Council of Texas</i> |
| 9:10 AM | Challenges in Concrete Pavement Design: Addressing Foundation Layer Limitations
<i>Nancy Beltran, CCT</i> |
| 9:30 AM | The Role of Stabilized Soils in Concrete Pavement Performance
<i>Randy Bowers, CCT</i> |
| 10:15 AM | Break |
| 10:30 AM | Cement-Treated Bases: Design, Construction, and Performance
<i>Randy Bowers, CCT</i> |
| 11: 15 AM | Advancements in Soil-Cement Research: Findings and Applications
<i>Ben Reese, Raba Kistner</i> |
| 12:00 PM | Lunch |
| 1:00 PM | Key Design Considerations for Durable Concrete Pavements
<i>Nancy Beltran, CCT</i> |
| 1:30 PM | Corridor-Wide Pavement Solutions for the I-35 CapEx-C Project
<i>Kiran Mohanraj, The Transtec Group</i> |
| 2:00 PM | A Contractor's Perspective: Design Approaches and Their Impact on Construction
<i>Lisa Lukefahr, TCPA</i> |
| 2:30 PM | Open Discussion |
| 3:00 PM | Adjourn |
